

A faint, light green line drawing of the Statue of Liberty serves as the background. The statue is depicted from the waist up, holding a cocktail glass in her right hand. The glass contains a drink with a red garnish. The statue's crown and robes are clearly visible.

From the heartbeat of Greenwich Village to the heart of Mayfair, two legends come together in a celebration of delicious cocktails, seasonal produce, and hospitality.

Welcome to Dante Mayfair.

Your home for refreshing spritzes, Signature Negronis, and the unmistakable energy of a New York summer, reimagined in one of London's most storied settings.
