SURRENNE IS AN INVESTMENT
INTO YOUR HOLISTIC WELLBEING,
AND AN EXPLORATION OF
BOUNDLESS WONDER

Step into a new era of experiential wellbeing where genuine transformation unfolds through modern ritual, and the mind, body and soul elevate to extraordinary heights.

At Surrenne, we seamlessly blend the wonders of the earth, advancements in modern science, and cutting-edge treatments to provide a holistic approach to emotional wellbeing and physical health, sparking wonder and cultivating true longevity.

Surrenne invites you to experience our pioneering approach to longevity and wellbeing, in the form of truly otherworldly location retreats. Our philosophy is built on the seamless integration of science, nature and connection, and during your time with us, your wellbeing journey will unfold in three stages: Ground, Recharge, and Regenerate.

Grounding encourages stillness and connection to the self and your environment through mindful breathwork, movement and nourishment.

The next phase is Recharge, an invitation to replenish both body and mind. Guided coastal walks, cold-water immersion and moments of rest will harmonise energy and awareness, complemented by insight from our experts.

Finally, it's time to Regenerate, emerging with clarity and strength. Through closing breathwork and meditation, you can look ahead, fortified with inspiration to integrate new practices into your everyday life.

DISCOVER NEW WORLDS OF WONDER

Surrenne Belgravia, located beneath The Emory hotel in London is the perfect place to seek solace from the hustle and bustle of city life. From serene treatment sanctuaries and wellness spaces, to a breathtaking sky-lit pool, each detail is designed to delight the senses.

Surrenne Riviera at The Maybourne Riviera is a coastal sanctuary, drawing on the elemental power of water to uplift, cleanse and heal. Here, inner stillness and outer radiance flow together, in cadence with the tide.
